## Swimming Lessons

If people have not paid their swimming money from this term could I please ask that they do so before the end of next week? There are still over 40 children that have not paid which means that the school is left with almost £1000 to pay. We cannot afford to subsidise swimming this much every term and will therefore need to look at other options if every child does not pay. The price for the whole term is £20, or £2 per week. This is excellent value, and our children get an opportunity that no other primary school has.
